Hello my name is Graham Harris and I am a resident of Leeman and I am seeking election.

I will endeavour to explore emerging opportunities to benefit all of us, to actively attract more families and businesses to our region and to be become sustainable.

I feel what is needed is to breathe new life into our towns and districts so we can better set about attracting people and families to fulfill vital roles.

It would be my intention to encourage young men and women to serve their communities and nominate for Council and seek out potential future candidates.

I would also like to encourage people to serve on their local community groups and by working together things may happen with more haste and not get bogged down with groups going in different directions.

Finally, I would like to have dialogue with some of our larger employers on how we can engage with them to explore employment opportunities and more support for the communities on a social footing, i.e. sports and community events.
