## RATEPAYER INFORMATION REQUEST

From time to time Council is required to contact owners urgently to advise of storm/wind damage to property.

Council is also in the process of updating its Rate database and implementing a new system of "quick communication" (e.g. Mobile phone, Email, SMS) to its ratepayers, especially non-resident owners, of issues which may arise.

To assist Council to achieve this it would be appreciated if you could please provide the information requested below and either:
