## **SHIRE OF COOROW QUESTIONS FROM THE PUBLIC**

The Shire of Coorow welcomes community participation during public question time. The following is a summary of procedure and a guide to completion of the required form.

- a. The person asking the question is to give their name and address prior to asking the question.
- b. Questions are to be directed through the chair, with the Presiding Member having the discretion of accepting or rejecting a question and the right to nominate a Councillor or Officer to answer.
- c. In order to provide an opportunity for the greatest portion of the gallery to take advantage of question time, questions are to be as succinct as possible. Any preamble to questions should therefore be minimal and no debating of the issue between the Gallery, Councillors or Officers is permissible.
- d. Where the Presiding Member rules that a member of the public is making a statement during public question time, then no answer is required to be given or recorded in response.
- e. Questions which are considered inappropriate; offensive or otherwise not in good faith; duplicates or variations of earlier questions; relating to the personal affairs or actions of Council members or employees; will be refused by the Presiding Member as 'out of order' and will not be recorded in the minutes.
- f. Where a member of the public submitting a question is not physically present at the meeting, those questions will be treated as an item of correspondence and will be answered in the normal course of business (and not be recorded in the minutes).
- g. Questions from members of the public that do not comply with the Rules of Question Time or do not abide by a ruling from the Presiding Member, or where the member of the public behaves in a manner in which they are disrespectful of the Presiding Member or Council, or refuse to abide by any reasonable direction from the Presiding Member, will be ruled 'out of order' and the question will not be recorded in the minutes.
- h. Answers to questions provided in good faith, however, unless reasonable prior written notice of the question is given, answers should not be relied upon as being totally comprehensive.
- i. Where a question (compliant to these rules) is raised and is unable to be answered at the meeting, the question shall be 'taken on notice' with an answer being given at the next appropriate Council Meeting.
- j. Public Question Time is set for a maximum period of 15 minutes, and will terminate earlier should no questions be forthcoming.
- k. To enable all members of the public a fair and equitable opportunity to participate in Public Question Time, each person shall be provided a maximum two minutes time limit in the first instance, in which to ask a maximum of two questions (whether these are submitted 'in writing' or 'from the floor'). A question may include a request for the tabling of documents where these are relevant to an issue before Council.
- l. Questions to be asked at the meeting will be registered, and the priority for asking questions shall be firstly 'questions on which written notice has been given prior to the meeting' (that is, prior to 12 noon on the day immediately preceding the meeting) and secondly, 'questions from the floor'.
- m. Should there be time remaining on the initial period for Public Question Time (i.e. 15 minutes) after all members of the public have posed their initial allotment of two questions, the Presiding Member will then allow members of the public to sequentially (in accordance with the register) ask a further two questions (with a two minute time limit) until the initial period for Public Question Time has expired.
- n. Any extension to the initial period for Public Question Time is to be limited to a period that will allow sufficient time for any remaining members of the public to ask their initial allotment of two questions.

*What Management position and/or person is responsible for water use and management in the Shire of Coorow*

**Response**

All staff play their part in managing the water resources (including reclaimed/storm water) of the Shire via direction from their managers. Ultimately, the Chief Executive Officer is responsible for all staff and their actions.

### 3.2 Ryan Allach – Safety

- *Who is the Shire's Risk Manager*
- *Has the safety of the artificial dunes been assessed internally and verified by the Shire's Risk Manager as indicated by the Shire President, as recorded in the Minutes of Ordinary Council Meeting, dated 18 October 2017 in Public Question Time.*
- *If the Shire's Risk Manager has verified the artificial dunes as being safe for public use and access for council workers, it is requested that a copy of this approval be provided.*

#### Response

- 1) The Shire does not have a dedicated Risk Manager as risk management is a function of all staff.
- 2) The safety of the sand mounds has been assessed by staff and managers and continues to be assessed each day.
- 3) There is not official document or report that can be provided.

#### Response

The Shire is aware of waterwise guide lines which is one of the main reasons that we are continuing to implement water collection and saving schemes such as the Leeman foreshore project. Investigations are currently being done regarding the feasibility of capturing the water from Ocean View Drive into tanks for watering at Cliff Park.

### 3.4 (Craig Lovelady) – Water Usage at Cliff Park

**Presentation of the 2017 Compliance Audit Return to Council for adoption.**

#### **BACKGROUND:**

Under the Local Government Audit Regulations 1996, a Local Government is required to carry out a Compliance Audit for the period 1 January to 31 December each year. The certified return must be submitted to the Director General, Department of Local Government and Communities by 31 March.

The local government's audit committee is required to review the compliance audit return and is to report to the council the results of that review.

The Compliance Audit return must then be:

1. presented to Council at a meeting of the Council
2. adopted by the Council, and
3. recorded in the Minutes of the Meeting at which it is adopted.

A copy of the Return is submitted for Councillors' perusal, comment and adoption by Council at its Ordinary Meeting to be held in March 2018. It is a requirement that the Shire President and Chief Executive Officer sign the Return.

## 11.1.2 OFFICE CLOSURE – 3 APRIL 2018

<b>DISCLOSURE OF INTEREST</b>	This item pertains to all office staff

### **SUMMARY:**

**To consider the closing of the Shire administration offices on Tuesday 3 April 2018, with staff using the extra public holiday from the Easter break to accommodate the day off.**

### **BACKGROUND:**

In 2018 the Easter break falls between 30 March and 2 April, and according to the employment awards, all staff are entitled to one extra public holiday at this time. Policy 2.1.25 states that this day should be taken at Easter subject to work rosters. If not taken then, it must be taken with a fortnight of it becoming due.

### **COMMENT:**

It has been suggested that it would work better for rostering if the extra public holiday was taken by all staff on the same day, being Tuesday 3 April 2018.

This would mean that the offices hours would become:

Friday 30 March – Tuesday 3 April	Easter	CLOSED
Wednesday 4 April		OPEN

The office closure would need to be advertised to ensure that the community is not overly inconvenienced.

Where possible the outside crew will also use 3 April 2018 for their extra public holiday.

### 11.1.5 CLIFF PARK LANDSCAPE TREATMENTS

<b>AUTHOR</b>	Peter Crispin
<b>DISCLOSURE OF INTEREST</b>	Nil
<b>DATE OF REPORT</b>	14 March 2018
<b>FILE</b>	ADM0509
<b>ATTACHMENT</b>	Green Head Community Association Powerpoint Presentation

#### **SUMMARY:**

**To review the landscape treatments (sand mounds) that were installed at Cliff Park following ongoing vandalism.**

#### **BACKGROUND:**

Cliff Park is situated on the Reserve 31229 and has been developed over approximately 20 years. Over a considerable number of years there has been vandalism occurring at Cliff Park. This is not the normal type of vandalism (graffiti, breakages, etc) but the indiscriminate cutting, pruning and poisoning of trees.

In 2017 the vandalism took on a new turn that included the hammering of copper nails into the trees, and holes drilled in to the trunks, presumably for poison to be administered. A significant number of the trees have died.

It was the continuation and escalation of the vandalism at the park over many years that necessitated the installation of raised landscaping treatments in August/September 2017.

#### **COMMENT:**

The 'landscaping treatments' are sand mounds which have been covered in matting and planted with a variety of plants. Further vandalism has occurred, with people trampling the plants and/or tearing them out.

Since the mounds were installed, the Shire has received ongoing complaints and public questions (mainly from the same three families) and the volunteer park custodians and shire staff have been followed, photographed and in some cases, subjected to abuse. This behaviour is evidence of the emotion that this issue has raised in some parts of the community.

At the Ordinary Meeting of Council held 21 February 2018, the Shire President, Councillor Girando, advised those in attendance that an item relating to the sand mounds (but not the gardens at Cliff Park) would be prepared for the next Council meeting.

As a follow up to this, a meeting of the Green Head Community Association was held on Monday 5 March 2018 to form a view regarding the mounds and to make a recommendation to Council from the Association. 34 people attended that meeting.

A copy of a powerpoint presentation from the Green Head Community Association meeting is attached. The meeting resolved as follows:

- 1) *That the sand mounds installed by the Shire at Cliff Park be removed, and that no other obstructions to the sea view, either large signs or walls, be put in their place*
- 2) *That the alternatives in the space vacated by the sand mounds at Cliff Park will be planned with suitable professional advice to include an entry statement to the park, inclusive of native garden comprising native plants and shrubs endemic to the local area, incorporating local artform such as relevant metal sculptures*

These recommendations do not address the original issue of the vandalism of the trees and plants at Cliff Park in any way and would not serve as a deterrent to further criminal acts.

The mounds have yet to be in place for a winter, so have not had a chance to be properly vegetated. While most of the planted species on the mounds have died or been illegally removed, many indigenous plants have sprouted and are slowly covering the mounds.

Many options are available to Council including:

- 1) retain the mounds until new trees can be planted and are grown to the height of the trees previously cut down
- 2) remove the mounds and install large signs similar to the ones used by the Town of Bassendean after trees on their verges are cut down or poisoned
- 3) remove the mounds and not replace them, returning the area to its original use as a car park
- 4) adoption of one, or both, of the Green Head Community Association's recommendations

Unfortunately, no funds have been included in the 2017/2018 budget for signs or other treatments.

To remove the mounds and not replace them with something else to block the view of the water could be seen as rewarding the people who cut down and/or poisoned the trees and may not act as a deterrent to future acts of vandalism.

#### **STATUTORY ENVIRONMENT:**

There are no applicable statutory implications

#### **STRATEGIC IMPLICATIONS:**

Our Future Coorow 2017-2027, the Community Strategic Plan includes an objective to "Create and maintain safe and attractive places for people to live, work and play".

**POLICY IMPLICATIONS:**

There are no direct policy implications.

**FINANCIAL IMPLICATIONS:**

The 2017/2018 Budget does not include any further funding for capital works at Cliff Park.

**VOTING REQUIREMENTS:**

Simple Majority

**OFFICER RECOMMENDATION:**

That:

- 1) the landscape treatments at Cliff Park be removed after the installation of appropriate signage;
- 2) the community be advised that the signage will be removed when trees have been reestablished to the former height; and
- 3) further community consultation be undertaken for possible uses of the former carpark.

## 11.1.6 INTRODUCTION OF FEE FOR OVERFLOW CAMPING AT LEEMAN

<b>AUTHOR</b>	Peter Crispin
<b>DISCLOSURE OF INTEREST</b>	Nil
<b>DATE OF REPORT</b>	14 March 2018
<b>FILE</b>	ADM0440 – Community Services – Caravan Parks
<b>ATTACHMENT</b>	Nil

### **SUMMARY:**

**To consider introducing a fee for overflow camping at Wann Park Oval, Leeman.**

### **BACKGROUND:**

In previous years the Leeman Caravan Park has used an agreement with the Shire to run overflow camping at Wann Park Oval, Leeman.

Since the imposition of a nightly fee for each camper by the Shire, the Leeman Caravan Park has decided not to use this facility.

Given that on the previous long weekend (5 March) that the Leeman and Green Head Caravan Parks and the Milligan Island Campsites were all full, it is thought that the previously used overflow site at Wann Park Leeman could be made available, managed by Ranger Services.

### **COMMENT:**

It is proposed that the Shire coordinate the use of Wann Park for overflow camping over the Easter period. Ranger services would be responsible for collecting fees and overall management of the campers and community groups could be engaged to provide the cleaning of the recreation centre and removal of rubbish (emptying of bins).

The fee that is set would need to cover the cost of the cleaning, rubbish removal and management. It is proposed that the fee be set somewhere between \$20 and \$25 per night.

Both the Leeman and Green Head Caravan parks have already advised that they are completely full for the Easter period and will refer anyone else to the Shire.

It is thought that Milligan Island will also fill up very quickly.

### **STATUTORY ENVIRONMENT:**

Local Government Act 1995, Sections 6.16 to 6.19 apply

### **STRATEGIC IMPLICATIONS:**

There are no strategic implications.

### **POLICY IMPLICATIONS:**

There are no policies relevant to the provision of overflow camping.

**FINANCIAL IMPLICATIONS:**

The potential income will cover the costs of cleaning, rubbish removal and management so there should be no impact on the financials.

**VOTING REQUIREMENT:**

Absolute Majority

**OFFICER RECOMMENDATION:**

That a fee of \$25 per night for overflow camping at Wann Park, Leeman be introduced and advertised accordingly.

#### **SUMMARY:**

**In accordance with the Local Government (Financial Management) Regulations 1996, regulation 34 stipulates that a Local Government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1) (d), for that month.**

#### **BACKGROUND:**

The form of the Monthly Financial Statements usually presented to Council is a Statement of Financial Activity, which also includes supplementary information including an Operating Statement Function and Activity, Balance Sheet and Cash Flow Graph.

#### **COMMENT:**

Council is required to prepare the Statement of Financial Activity as per Local Government (Financial Management) Regulation 36, but can resolve to have supplementary information included as required.

The Shire converted its chart of accounts to a new model in January and staff are still preparing the new monthly financial statement format. The majority of the new format has been completed, with only a summary of budget amendments to date not included. All mandatory information is provided and the closing surplus balances to the net current assets at 28 February 2018.

A copy of the Statement of Financial Activity for the month ended 28 February 2018 is included at Attachment 11.3.2 for Councillors' information.
